Leonard and Michael DuBoff

12/21/2008

Dear Leonard and Michael DuBoff,

I am very honored to be chosen as a recipient of the Candise DuBoff Jones scholarship. Law School is a new direction for me that I find challenging and inspiring. I have very much enjoyed my first year of law school and am looking forward to learning more as I complete my studies and work in the field.

I am grateful to receive a scholarship associated with a woman known for her professionalism, knowledge and passion for the law. As I am the first person in my family to pursue an advanced degree, this award will not only help me financially, but will also be a source of encouragement. This scholarship means a great deal to me and my family and I thank you very much.

Kind Regards,

Christina M Schuck
